Medex Portable Labs Training Programs

Medex offers three affordable alternative Labs for modern Laboratory Medicine today:

- **Medex Basic Lab**
- **Medex Basic LabPlus**
- **Medex Premium Lab**

Warranty: Medex Labs carry a two year warranty on all equipment as per our published warranty statement.

Medex Portable Labs are sold with a full compliment of training programs and technical support provided by BioMedica Diagnostics to fully equip our clients with the knowledge to effectively utilize our diagnostic tools:

- Instruction in the basic principles and diagnostic applications of blood chemistry, immunodiagnostics, haematology, microbiology, urinalysis haemostasis and thrombosis testing using Medex Labs.
- Instruction in Laboratory Design, management operation, economics, and prudent practices for safety and Good Laboratory Practices (GLP).
- Instruction in the operation, maintenance, trouble shooting, and data interpretation of Medex Labs equipment and testing devices.
- Instruction in management of patient laboratory records and use of appropriate medical data communication and management software.
- Choose from a **3 Day Program** to cover your selected area of training, or from the comprehensive **5 Day Program** for a certificate in Essential Principles of Laboratory Medicine.
